EXPERIENCE

ONFLEET, Full Stack Engineer **(NOV 2023 - PRESENT)**
At Onfleet I work on the Integrations Team, helping to maintain and develop integrations. I'm directly involved in both planning and implementation, using technologies such as React, TypeScript, Node.js, MongoDB, and AWS.

AVENGA, React Developer **(JUN 2022 - SEP 2023)**
I contributed to the development of a UCMS software platform designed for efficiently managing court cases within the state of Texas, United States. My responsibilities primarily involved utilizing React for the front-end development of the web application.

KICKSTA, Front-End Developer **(MAY 2021 - JUN 2022)**
I primarily contributed to the development of their flagship product, Kicksta, along with other web applications like InfluenceGrid and Wedding Hashers. The key technologies utilized in these projects included Vue.js and Nuxt.js.

PENGYI, Front-End Developer **(JUN 2019 - JUL 2021)**
In this software company, I was engaging in projects primarily utilizing Vue.js and React for a diverse clientele worldwide. Additionally, I gained experience working with JavaScript, TypeScript and Node.js technologies.
